IFTE 2024

ISTANBUL FLIGHT TRAINING EXHIBITION

As a result of rapidly increasing commercial, social and cultural relations between countries, efficient use of time and fast transportation have become important concepts. Globalization has made transportation an international necessity, and as a result, aviation has become an industry that attracts attention, most preferred and vital. This rapid growth process in the aviation industry has created the need for qualified personnel. In this context, institutions and organizations providing aviation training have a critical place in training qualified personnel for the sector.

IFTE is an effective platform organized to increase the awareness of the institutions and organizations serving in the sector at the international level, to prepare the ground for cooperation, to provide all detailed information about aviation training to the end user, and to inform you about the developments and opportunities in the sector.

Organized by Alfa Expo Organization at regular intervals, **IFTE**; It has brought together flight training and type training organizations, spare parts suppliers, maintenance and repair companies, piston engine aircraft manufacturers, simulator production companies, aviation academy institutions, flight equipment providers, aviation press organizations, broker companies and many companies in the aviation sector. It hosted 100 exhibitors, 60 of whom are from Turkey and 40 from different continents, and more than 10 thousand local and foreign visitors. The IFTE aviation foundations supported by UAB DGCA ve DHMI, and shed light on the future of aviation with 15 conferences and conversations that hosted the doyens of the industry during the fair.

At **IFTE 2024**, we are together with the latest innovations in the sector and the most active representatives of aviation in the world. We are honored to see you among us and to offer you the opportunity to participate.

**Sincerely,
Alfa Expo**
